

Saskatchewan Games are coming.

The South West District for Culture, Recreation & Sport is committed to ensuring Team South West is the best team ever. We know that some of the sports taking part in the 2012 Games are not high profile in our District, and we want to change that!

SWDCRS is providing opportunities this summer for south west Saskatchewan's youth to learn and become proficient in Games sports that are not traditionally high profile. This is your community's chance to offer Athlete Development opportunities this summer, and encourage the youth in your community to become involved in the Saskatchewan Games.

Give your youth a chance to experience any of the following:

- Archery
- Canoe/Kayak
- Equestrian
- Soccer
- Tennis
- Triathlon

What you need to provide:

- Local contact person
- Local promotion and registration
- Facility

What the South West District for Culture, Recreation & Sport will provide:

- Contact with the appropriate Provincial Sport Governing Body to find an available instructor
- Funds to pay the instructor

Please complete the included application form and return to Maple Creek office of the SWDCRS by June 24, 2011.

Clinics must be conducted June 1 – September 30, 2011.

Please contact Anne at the Maple Creek SWDCRS office with any questions.
