

LEAP: Literacy, Education, Activity and Play

CALL FOR INTEREST

We are looking for interested parents, caregivers or any individuals working with children age 5 & under.

Modeled after a very successful program in British Columbia, this workshop is now available in Saskatchewan, with assistance from Saskatchewan Lotteries.

LEAP provides children from birth to age five with a strong foundation in literacy, physical activity and healthy eating. The program offers resources and training to support early learning specialists, caregivers and parents as they actively participate in children's learning.

The workshop is to introduce you to both LEAP BC resources: the HOP (Healthy Opportunities for Preschoolers) and Food Flair, a priceless manual which helps caregivers create an environment that supports healthy eating for young children.

One Day Workshop Details will be based on interest levels.

Train the Trainer or Participant
