Take the Lead: Grades 6-7-8

Is your community, school or organization looking to achieve any of the following goals?

- The promotion of Healthy Active Living during leisure time
- Increased youth leadership opportunities where youth take responsibility for planning, implementing and assessing play activities for their peers
- Increased respect for and effective use of play space and equipment

If you answered yes to any of the above questions, then you are ready to "Take the Lead!"

"Take the Lead!" promotes youth to plan, deliver and participate in regular active play programs. Adults within the community have an opportunity to become Leadership Coaches who support and assist the young leaders as they strive to provide healthy, developmentally appropriate and safe active play opportunities to lead other children.
